## Bigger Than Taft

The TIMES received a letter today from your old friend, J. W. Brite, of Long Beach, Cal., in which, among other things, he says: "President Taft is here today and all is bustle, life and hurry. But, huh, he is not so many! I have a fat uncle near Monett bigger than he is."

## Died of Pneumonia

The 10-months-old daughter of Mr. and Mrs. E. E. Dennis died Thursday afternoon of pneumonia. Funeral services will be held at the home Saturday at 9 o'clock after which the remains will be taken to the Calton cemetery south-east of town, for interment. The bereaved parents have the sincere sympathy of their many friends.

New goods of all kinds. The newest and latest patterns the best quality at lowest figures. H. I. Bradford. 81-t-f.

## Church Dinner

The ladies of the Christian Church will serve a general dinner at Campbell's hall October 19. The ladies always furnish good meals and the public are cordially invited to take their dinner with them on that day.

## Drinking on Train

While on his way to Cassville yesterday Deputy Sheriff Joe Jackson caught three men in the act of drinking and arrested them, took them to Cassville before Justice Plattenburg where they were fined for their acts. Drinking on trains is a violation of law and these men will be more cautious in the future. They claimed to hail from Minnesota and gave their names as John Cunningham, Harry Smith and Jas. Ryan.

9x12 Ax Rug \$18.50. H. I. Bradford.

## Baseball In Hades

"What's doing in the way of amusements?" asks the newcomer of the old inhabitant of Hades, according to Life.

"Baseball game every afternoon," answers the old inhabitant.

"Baseball? You don't mean it! That's great. I was a fan from wayback, on earth. On the square, do you have baseball every day?"

"Sure thing."

"By ginger! This place suits me. Baseball! Say, this can't be hell, then."

"Yes, it is. The home team always loses."

## RUBEY TO HOLD JOB

### Democratic Chairman Declares He Will Not Resign Place

St. Louis, Oct. 13.—Harry M. Rubey is not going to resign the chairmanship of the Democratic state committee. In an interview today Mr. Rubey authorized the positive announcement that he will retain the Democratic chairmanship until the contest for United States senator is decided.

In other words, Judge Johnson of Montgomery county, Ed T. Orear, ex-state insurance commissioner, and aspirants for Rubey's job will be required to wait at least another year, although they had confidently anticipated that Rubey would retire at the committee session which is being held today in the new headquarters in the Commonwealth Trust building.

"I have reached this decision after careful consideration," said Mr. Rubey. "It appears to be the desire of certain interests to get control of the committee for the purpose of boosting favored candidates in the senatorial contest. At least efforts seem to have been made to land the chairmanship for somebody who would favor a particular senatorial candidate."

"In the interest of harmony and at the suggestion of party leaders who feel that we cannot afford to have any factional rows within the party organization next year, I have concluded not to relinquish my position. There is no apparent demand for a change, anyhow, so far as I am aware."

## MENDON

Well we are some what kind of cold natured right at present and don't know whether we can think of much or not. Here we go with a solemn thought.

The freeze the last two nights makes things look some what dark. George Miller is having his residence remodeled and plastered.

John Grissom made a business trip to Verona Wednesday.

Mrs. Dr. Wright is spending the week in Cassville attending the fair and visiting her sister.

Mrs. Hunnel has returned from the Centennial at St. Louis. She reports a most excellent time.

Digging sweet-potatoes seems to be a rush since the freeze.

D. S. Shaw is painting for William Fritz this week.

Henry Hunkamp has moved on the Gus Brock place.

Ragin Zinn and family have returned from the Centennial.

Uncle Doc Mulky is up and around again after his bad sick spell.

Henry Matledge is real bad with typhoid fever but we all hope for his speedy recovery.

MR. NOBODY.

## Y. M. C. A. Notes

C. Willard Smith of Granby, will speak at the men's meeting at the Y. M. C. A. on Sunday afternoon at 3 o'clock. His subject will be: "Christ a Companion." A song service will be held at the beginning of the meeting. All men are cordially invited to attend.

The High School, Boys Bible Study Club will meet at the building tonight at 7:30. All boys of the eighth and high school grades are invited.

The shop meetings were resumed on Wednesday. Rev. S. F. Stevens gave an inspiring and helpful talk the men which was very much appreciated.

Arrangements are being made for a series of practical talks to be given at the Y. M. C. A. during the winter. Subjects and speaker will be announced later.

## Possible Revolution in Spain

The execution of Dr. Ferrer, at Barcelona, Spain, by the authorities may lead to a revolution. The palace guard has been doubled and every precaution is being taken to prevent the friends of the murdered man from avenging his death. It is reported that King Alfonso opposed the carrying out of the death sentence but was overruled by the ministers.

Ladies who are looking for stylish garments at a moderate price, and want complete satisfaction, should try Fly's Ready to Wear Store.

FOR RENT CHEAP—Robert Johnston's residence of 8 rooms at \$15. per month. 81

Representatives of the Stark nursery company were here last week to buy some land for a nursery. They want about 300 acres. They offered F. D. Coleman and J. E. Butler \$90 per acre for their farms, but the offer was refused. They claim that fruit trees for nursery stock grown here do better than in any other section. It is to be hoped that they will be successful in buying some land near here as it will give almost permanent employment for a large number of hands—Marionville Free Press.

The Epworth League of the M. E. Church South will have a Spelling Bee at the Concert Hall in Bradford building Wednesday Oct. 20. Admission 15 cents. Refreshments will be served. 83-5-t.

## Frisco Sued For Fifty Thousand

W. F. Strozier, as administrator of the estate of Clarence Strozier, has filed suit in the United States court at Fort Smith against St. Louis & San Francisco railway for \$50,000 damages for the killing of Clarence Strozier at Jensen, Ark., Sept. 27, 1908.

The complaint recites that Strozier was agent for the defendant company at that place, was 24 years of age, earned more than \$70 per month and contributed \$50 of it to the support of his wife and 17 months old baby, and being in good health had the usual life expectancy.

Strozier was killed by passenger train No. 3 and at the time of the killing it is alleged freight train No. 34 was on siding on the Mansfield branch the petition recites as Strozier stepped in front of it, the engineer crew released a cloud of steam set the engine in motion; that to avoid the freight train, and while enveloped and blinded by the cloud of steam Strozier stepped too near the passenger train, dragged 255 feet and killed.

## Bad Roads and Waste

On the average two days are said to be required to do the "country hauling" in the average American state, where one would be sufficient if the roads were adequately improved and kept in proper repair.

If this economist be right, or half right, in his computation, here is an enormous tax levied on the American public by unthrift and negligence. There is another tax—the abuse of farm machinery. It will never be known how many plows were left in the furrow when the tillage was finished last summer, but it is safe to say that the number is in the hundreds of thousands that are now consumed by rust and rot, and their places, as a general proposition, will be supplied by new plows when another crop season comes. Of other farm implements a like story can be told. In the timber regions numberless axes and iron wedges are annually sacrificed to the monster waste. Every year barnyard manure to the value of millions goes to waste, to the impoverishment of the soil and the reduction of the yield.

Waste costs the American people more than 1,000 million dollars annually.—Washington Post.
